

Oregon IV

The image shows a close-up, top-down view of a light-colored oak wood surface. The wood grain is prominent, featuring a series of wavy, parallel lines that run diagonally across the frame from the top-left towards the bottom-right. The color is a warm, light tan or beige, with subtle variations in tone that highlight the natural texture and grain of the wood. The lighting is even, emphasizing the fine details of the wood's surface.

Eiche hell

The image shows a close-up of a wood surface with a distinct wavy grain pattern. The wood has a warm, light brown or tan color. The grain lines are curved and undulating, creating a rhythmic, wave-like appearance across the entire surface. The texture appears smooth but with natural wood grain variations.
